

SPR VICE PRESIDENT REPORT

Greetings:

I have spent the entire month of November up north of Seattle, WA with my son, Tom, while I recuperate from hernia surgery. Right now it is snowing outside and everything is white. I was hoping it would hold off a few days before it snowed because we are driving home to Sacramento tomorrow (Sunday).

I have been far removed from *PowerTalk* International this past month except for a few emails that I've received. I do have a few things to report to you though.

I'd like to encourage all the Council Board Officers to review the "Council Performance Award" criteria. There is no time like the present to start flooding us with your reports. It would be handy if each Council Officer would put a copy of the criteria in your notebook and also mark your calendar when each of the items is due. Also, please help us by marking your submissions as to what they are and please identify the council. You can submit things by either mail or email.

How long has it been since you've accessed the PowerTalk International website? There is a wealth of knowledge there and all you have to do is go to the "Resources" section and you'll see what I mean. There are a lot of educational features which you can use for training or workshops.

Do you read the "From The Boardroom", (FTB). These publications are also on the website. And as you know, we are back to receiving a magazine, not hard copy, but on the internet as well. We have received two issues so far. If you need any assistance in accessing any of what I've mentioned, just email me or call and I'd be happy to help and I know all the other SPR Officers will help as well.

One last thing I'd like to mention, please support your Councils and Region by attending the meetings. I can assure you that you'll really benefit from your attendance.

As I look out the window at the gently falling snow, I want to wish you all Happy Holidays and I hope to see you all soon at our meetings!
