

An Invitation

A unique group tucked away unnoticed, is about to celebrate its 67th birthday! Originated as the International Toastmistress Club (ITC) in 1939, the group has helped many in achieving professional goals. In 1984, International Toastmistress Club changed its name to International Training in Communications and holds meeting at locations near you!

Whether the goal is for continued learning or career advancement, the organization has helped many individuals reach their potential. If you are unsure of yourself when you have to present a program, preside at meetings, speak in public, ITC training is the answer for you.
